

HO – SOCKET HOLDERS

Bench-mounted electrical socket holders produced in V-0 nylon, a fire-proof and self-extinguishing material.

Colour grey RAL 7035.

Each position is equipped with four holes for self-tapping screws to accommodate Gewiss modular containers and related accessories.

3/4" threaded part (Ø24) with through hole for cable passage, fixing kit (gasket, flange and nut) included.

Plate available to adapt socket holders to Legrand sockets.

Gewiss containers and accessories can be supplied on specific request.
